

POSTDOCTORAL POSITION
Theoretical Nuclear Physics
Florida State University

The Florida State University Physics Department is seeking applicants for a postdoctoral position in Theoretical Nuclear Physics. Current interests of the group include, but are not limited to, neutron-star, nuclear, and hadronic structure and reactions. Members of the group collaborate closely with experimental and theoretical groups throughout the world. The starting date for this position is flexible, but should begin no earlier than the Fall semester of 2010. The appointment is for one year with possibility for a second year subject to the availability of funding. To apply, send a resume and the names of at least three references to **Prof. Jorge Piekarewicz, Physics Department, Florida State University, Tallahassee, Florida 32306-4350**. Review of applications will start immediately and will continue until the position is filled. Florida State University is an Equal Opportunity/Affirmative Action Employer and it especially encourages applications from women and members of minority groups.
