

2nd Circular for PSTP2013

June 20th, 2013

Workshop Introduction

This is the second announcement for the XVth International Workshop on Polarized Sources, Targets, and Polarimetry (PSTP2013) which will be held at the University of Virginia, Charlottesville, Virginia, USA on September 9th to September 13th, 2013, organized jointly by the University of Virginia and Jefferson Laboratory. This workshop continues a series whose last few meetings were at St. Petersburg, Russia (2011), Ferrara, Italy (2009), Brookhaven, USA (2007) and Tokyo, Japan (2005). PSTP2013 is sponsored by Jefferson Laboratory, the University of Virginia and the International Spin Physics Committee.

Program

The topics to be discussed are:

- Polarized Ion Sources
- Polarized Electron Sources
- Polarized Positron Sources
- Polarized Gas Targets
- Polarized Solid Targets
- Proton, Electron, and Ion Beam Polarimetry
- New Initiatives
- Applications of Spin

All invited papers will be presented in plenary sessions together with a selection of submitted papers. Parallel sessions will be organized if the number of submissions exceeds the number of slots available in the Plenary schedule. The program will also include a Poster session.

Abstracts should be submitted to pstp2013@virginia.edu by August 1st 2013. More information can be found on our web site listed below

The Proceedings will be electronically published by Proceedings of Science (<http://pos.sissa.it/>), with a limited number of soft-cover paper copies to be made available to the registrants.

Registration

The website for PSTP2013 is at <http://faculty.virginia.edu/PSTP2013/>. The poster for the Workshop is available for download at the above Website. The registration fees for the Workshop are \$400 and \$200 for students and retired persons. After July 15, 2013, the Registration Fees will rise to \$450 and \$225 respectively. The fee covers the Workshop dinner and welcome reception, coffee breaks and a paper copy of the proceedings.

Guests of the Workshop participants will pay \$50 each for the Workshop dinner. The registration fee is payable on-line, by credit card; at the Workshop site it can be paid for in cash or by credit card. The e-mail address for the Workshop organizers is pstp2013@virginia.edu.

Travel and Accommodation

Charlottesville is served by a small airport with links to major International airports such as Washington Dulles, Charlotte, NC, Atlanta, GA and others. The Richmond airport is also an option, about 70 miles from Charlottesville and convenient by rental car.

Accommodation will be in local hotels with a University of Virginia negotiated rate. Attendees will make their own reservations. Blocks of rooms have been reserved at four hotels within easy walking distance of Newcomb Hall, the Workshop site. Details on how to make reservations at these four hotels are listed on our website. Please read carefully as each hotel has different requirements for obtaining the University rate. For those with cars there is a wide range of hotels available within a 5 mile radius of Newcomb Hall and parking is available close by Newcomb Hall. Further information about travel to Charlottesville can be found at the PSTP website.

Visas

The recommendation of our International Departments for those having to apply for visas is to apply as early as you can. The Local Organizing Committee will supply Invitation Letters to those who request them.

Hope to see you here,
