

Town Meeting

Nuclear Physics Long Range Plan 2017

Darmstadt, January 11th – 13th, 2017

1st Announcement

Dear Colleagues

We would like to invite you to attend the upcoming NuPECC Long Range Plan 2017 Town Meeting, which will take place in Darmstadt, Germany, from January 11th to 13th, 2017. The venue will be the “darmstadtium” (<http://www.darmstadtium.de/en/>), located in Schlossgraben 1, Darmstadt.

The aim of this meeting is to bring together the Nuclear Physics community in Europe to discuss the long range perspectives in our field and decide how best to develop it in the next ten to fifteen years. Please be aware of the fact that this is a unique opportunity for you to influence the development of Nuclear Physics research in Europe.

Although we will not levy a conference fee, we urge you to register for the town meeting on the meeting website <http://indico.gsi.de/conferenceDisplay.py?confId=5177> at your earliest convenience, but not later than December 20, 2016 – this will greatly facilitate the organisation of the event.

Please note that no rooms have been pre-reserved, but you find a list of hotels on the meeting website.

Looking forward to seeing you in Darmstadt

Angela Bracco and Gabriele-Elisabeth Körner
for the Organising Committee
