

CIPANP18 Fourth Bulletin of May 2, 2018  
**Important Deadline: End of Early Bird Registration Friday, May 4**

The 13<sup>th</sup> Conference on the Intersections of Particle and Nuclear Physics (CIPANP18) will be held May 29-June 3, 2018, at the Hyatt Regency Indian Wells, near Palm Springs.

**May 4 is the last day for early bird registration.** See our [web site](#) for registration procedures. There is a 10% increase in the registration fee beginning May 5. Contributed abstracts submitted by May 4 will receive full consideration for oral presentation: please consider a submission.

**Public talk:** On Saturday June 2 Barry Barish will give the CIPANP18 evening public talk on Black Holes and Gravitational Waves. Earlier in the day there is a special plenary session on the neutron star merger GW170817 and its optical afterglow.

**Abstracts are being accepted in the areas:**

- Physics at High Energies
- Precision Physics at High Intensities
- Cosmic Physics
- Neutrino Masses and Neutrino Mixing
- Tests of Symmetries and the Electroweak Interaction
- Dark Matter
- Particle and Nuclear Astrophysics
- Heavy Flavors and the CKM Matrix
- QCD, Hadron Spectroscopy, and Exotics
- Parton and Gluon Distributions in Nucleons and Nuclei
- Nuclear Forces and Structure, NN Correlations, and Medium Effects
- Quark Matter and High Energy Heavy Ion Collisions

**Plenary talks:** The plenary talk schedule is available on the web site.
