

Visiting Assistant Professor of Physics

James Madison University invites applications for a one-year non-tenure track faculty position beginning in August 2019 for the 2019-2020 academic year in the Department of Physics and Astronomy at the rank of Assistant Professor. Candidates with an earned PhD in astronomy or physics or related discipline are preferred. The department has 22 full-time faculty members and ~120 students in our multi-track baccalaureate-only program. The successful candidate will teach introductory physics or physical science for non-science majors. A clear interest in and demonstrated history of teaching physical science to students from populations not traditionally involved in physics is strongly desired. Additional duties may include conducting general physics or introductory electronics laboratories.

Review of applications will begin on June 28, 2019 and continue until the position is filled. To apply, go to JobLink.jmu.edu and reference posting number F1337. James Madison University is committed to a diverse and inclusive community and to maintaining a work and educational environment that is free of all forms of discrimination. This institution does not tolerate discrimination or harassment on the basis of age, color, disability, genetic information, national origin, parental status, political affiliation, race, religion, sex, sexual orientation or veteran status. Anyone having questions concerning discrimination should contact the Office for Equal Opportunity: (540)568-6991.
