

## HDice Controls Meeting Minutes

**Date: August 29, 2019**

**Time: 14:00 – 14:30**

*Attendees: Aaron Brown, Amrit Yegneswaran, Brian Eng, Mary Ann Antonioli, Pablo Campero, Tyler Lemon, and Xiangdong Wei.*

1. Agreed that Xiangdong Wei will generate a tasks list for DSG group.
  - 1.1. Tasks list will help to DSG to schedule the availability of time and personnel to perform requested tasks.
  - 1.2. Task list provided in advance allows to DSG an effective and pro-active support to the HDice project.
  - 1.3. DSG's work scheduled for HDice will be organized considering the support requested by other Halls during run beam operations.
  - 1.4. Brian Eng will be the direct DSG contact for any HDice work request while Peter Bonneau is off from the Lab.
2. Upgrades for Pump-Cart computer requested
  - 2.1. Computer will be upgraded to windows 10.
  - 2.2. DSG members suggested to be added as the administrators for Pump-Cart PC.
    - 2.2.1. Administrator rights will allow to the DSG members the installation of software and configurations required.
    - 2.2.2. Request for PC administration rights will be sent to Computer Center.
3. DSG offered support for the HDice technical documentation area for the upcoming ERR review scheduled for November 5, 2019.
4. Xiangdong Wei mentioned that HDice will be involved in an actual run on December, 2019.
5. Requested modifications for two Molex cables used in the IBC.
  - 5.1. Modifications consist in the replacement of male SMA connectors by female SMA connectors on the open end.
  - 5.2. Brian Eng will confirm if the Molex cable connectors/adaptors were already ordered.
