

FRONTIERS AND CAREERS IN NUCLEAR AND PARTICLE PHYSICS

PAPHOS, CYPRUS, OCTOBER 29–30, 2017

REGISTRATION IS STILL OPEN. ABSTRACT DEADLINE IS SEPT. 30.

DESCRIPTION:

The Frontiers and Careers in Nuclear and Particle Physics Workshop (F&C) is aimed towards bringing together grad students and postdocs in the field of Nuclear and Particle physics to discuss research and career perspectives in a friendly environment. Participants will have the opportunity to present their work, develop skills, networking with peers, and interact with a panel of experienced faculty members and physicists in preparation for their future careers. Since its inception in 2014, participants in the workshop have included members from various universities and national labs all over the world, including those in North America, Europe, and Asia.

The workshop is held in the two days preceding the Electromagnetic Interactions of Nucleons and Nuclei (EINN) conference, in Paphos Cyprus. The workshop is designed to enhance the experience of the conference, and so attendance of EINN is strongly encouraged. During the F&C workshop, attendees will get to hear a series of pedagogical lectures, covering some of the key topics that will be discussed and presented in EINN. Attendees will also be given the opportunity to present a short talk on their research. Other activities include presentations on career planning, for careers in both academia and industry.

PRELIMINARY AGENDA:

Pedagogical lectures on some of the central topics of EINN, research presentation by student and postdoc attendees, sessions on career advice and career planning.

FORMAT AND SCHEDULE:

The workshop starts on Sunday, October 29th, in the morning, and concludes on Monday, October 30th, in the evening with the EINN welcome reception. Pedagogical lectures will take place in the morning and attendee presentations will take place in the afternoon.

REGISTRATION:

Registration can be made through the EINN website: <http://einnconference.org/2017/>. Titles and abstracts for attendee presentations should be sent by e-mail to the F&C organizers.

KEY DATES:

Registration for the workshop is open and available on the EINN website. Please send abstracts by September 30th. The workshop begins on Sunday morning, October 29th and will run through Monday, October 30th.

FINANCIAL ASSISTANCE:

Limited financial support is available for students. Requests can be made through the EINN website.

LOCATION:

The workshop will take place at the Annabelle Hotel in Paphos, Cyprus. This is the same location as the EINN conference.

WEBSITES:

F&C workshop website: <http://web.mit.edu/lms/frontiers2017/>

The EINN website is: <http://einnconference.org/2017/>.

ORGANIZING COMMITTEE:

U.S. chair: Axel Schmidt (schmidta@mit.edu)

European chair: Erez Cohen (cohen.erez7@gmail.com)
